[redacted]

1. Noted that the Retirement Board was operating in a new streamlined mode with one representative from each Directorate. The subject under consideration at present is the decision on what domestic service could be permitted to be "qualifying."

2. He said it would be useful if the DD's office would provide him with guidance as to the relative priorities on individuals tendered to the Selection Board for consideration as Senior School students.

25X1A

3. Discussed the MIG-21 engine evaluation. In this connection said that [redacted] was still pressing for an NIE on over-all technique advances in the USSR.

Chapman reminded that TSCC was sponsoring a county fair 22-23 October demonstrating countermeasures equipment.

25X1A

[redacted]

briefing on the impact study could take place either Wednesday or Thursday afternoon. The DD opted for Wednesday.

25X1A

[redacted]

discussed correspondence with IBM. The DD felt that further correspondence should wait until the proposed visit of an IBM software group had taken place.

Briggs:

25X1A

1. Said he was going on vacation Monday.
2. Discussed the move of [redacted] to industry. OCS is looking both inside and outside the Agency for a suitable replacement, and Briggs asked for help in finding one. In this connection, the ADD suggested checking our university contacts.
3. Brought up the subject of IG surveys. The DD suggested the Career Service Board consider the possibility of an additional S&T officer on the IG Staff.

25X1A

Ross called attention to [redacted] upcoming visit to the U.S. The DD suggested checking potential luncheon dates with the Director or Deputy Director and to try to work out a suitable date for dinner with the DD as host. OSI and FMSAC would probably brief [redacted]

25X1C

ADD noted that all members of the proposed Strategic Weapons Intelligence Panel were willing and that the first meeting would probably occur around 1 October.

Deputy Director:

1. Said that the Director had consented to visit Oak Ridge and Sandia and that this would occur either the week of 26 August or after mid-September.
2. Noted that the Director had discussed the Committee of Principals at his morning meeting and commented on the fine support which the Agency was providing to this group. The DD suggested that individuals involved in this support be informed of the appreciation expressed.
